

Clark County Commissioner Application

The Duties & Responsibilities of being a Clark County Commissioner

The general responsibilities of the Commissioner are centered in the areas of financial management, management of most county facilities, and personnel administration. The Commissioner is responsible for providing and managing the monies used to support most county activities. In providing this financial management, the Commissioner exercises legislative powers in budgeting, appropriating monies, levying taxes, issuing bonds and notes, and letting contracts for public works and services.

The Commissioner also has myriads of other responsibilities including hearing and ruling on annexations, approving drainage improvements through the petition ditch process, establishing and improving water and sewer districts, and providing for solid waste disposal.
